

ASTRON INSTITUTE OF SOCIAL SCIENCES

COO Director Message

Mr. Ashish Bhatia

At AISS, we are dedicated to providing capacity building programs for Under privileged community with a special focus on empowering women through blended learning. Aim of this project is to impart education and skill development in public and private sector, so that they can live a life of dignity and respect. Our mission is to achieve academic excellence with innovative pedagogy of quality education irrespective of economic backgrounds. These programs have been carefully developed while keeping in mind the learner's interest as the main focus.

"The future belongs to those who learn more skills and syndicate them in creative ways".

ABOUT US

Astron Institute of Social Sciences, Gurugram, a not-for-profit organisation registered under Section 25 of the Companies Act, 1956, operating for the last 10 years.

AISS is a skill building vertical of the Astron Group focused on bringing sustainable livelihood for youth especially women & under privileged sector through specialized skilling and employability programs. With an inbuilt passion for strengthening the quality of healthcare services, AISS has committed itself to take up the challenge of targeting the untouched components of healthcare service delivery, especially among the underprivileged sector. This has been accomplished through healthcare vocational certificate and diploma programs, with a near 100% placement in the healthcare industry with an added benefit of a “Work Ready Resource” - who are immediately ready to deliver with in their respective departments without any additional technical support, post employment.

OUR ACTIONABLE INITIATIVES

Socio-economic empowerment of underprivileged youth & women through health-based vocational skill development programs

Upskilling of existing Healthcare Workforce

Life skill framework on "Healthcare Emergencies - Beyond First Aid for Students/Youngsters

Upgrading existing Healthcare facilities in rural areas

Mental Health Awareness Program for School Students

Health camps – Nurturing wellness in Community at large with Special focus on vulnerable population

“The demand of healthcare workforce in India is currently on the rise due to multiple factors such as population growth, ageing, changing epidemiology and rising prevalence of non-communicable diseases (NCDs). With this increasing demand, the existing gap between the required and available healthcare workforce has inevitably widened. Acknowledging this challenge, AISS has undertaken initiatives by implementing a thorough advanced learning pedagogy for up skilling public sector resulting in increasing the skills, reducing unemployment and facilitating Quality Healthcare delivery.”

HOW WE WORK

Socio-economic empowerment of underprivileged youth & women through health-based vocational skill development programs

Our Mission:

Fostering sustainable economic and social development by equipping the underprivileged Youth and Women with skills that open doors to job opportunities worldwide.

Introducing Healthcare Skill-Building Diploma Programs:

Accredited by National Accreditation Board of Education and Training, a Constitutional Board of Quality Council of India - Ensuring the highest quality standards.

Globally Recognized - Compliant with ISO/IEC 17024:2012, ISO 21001:2018, ISO 29990:2010, ISO 45001:2018.

What Makes us Unique:

- Comprehensive Learning (Hybrid mode) - 9 months of theory classes + 3 months of Hands-On Training in corporate healthcare facilities.
- Creating work-ready professionals with 100% placement guarantee in the healthcare sector.

Astron students on Hands on Training in Hospitals

Upskilling of existing Healthcare Workforce

AISS is Upskilling the Healthcare Workforce for a more effective and efficient healthcare system. We offer a wide range of training solutions:

- Enterprise-Wide Training
- Team-Specific Training
- Leadership Development Programs
- Online & Hybrid Sessions

Personalized Training Modules:

Our innovative pedagogy caters to the unique needs of a wide range of healthcare professionals ranging from doctors, nurses, paramedical technicians to front line workers.

Life skill framework on "Healthcare Emergencies - Beyond First Aid for Students/Youngsters

Our mission:

To equip individuals, families, and communities with essential life-saving skills to effectively manage healthcare emergencies and make every second count in saving lives. The focus is on utilizing the Golden Safety Hours to minimize damage to the body and ensure the best possible emergency management.

A Holistic Approach:

Our program takes a comprehensive approach with two engaging skill-building sessions through live demo sessions, role plays, skits, story telling, audio recordings, real time videos and podcasts. Major focus being live demo sessions than lecture based learning. Our subject experts hold vast experience ranging from 10 years- 20 years in healthcare emergency management.

Upgrading existing healthcare facilities in rural areas

Our initiative aims to bridge these gaps by revitalizing healthcare infrastructure in remote areas. We are committed to a holistic approach, transforming rural healthcare with a focus on:

- **Infrastructure Enhancement:**
Building and upgrading healthcare facilities to ensure access to essential medical services.
- **Skill Development:**
Training and empowering local healthcare providers to deliver quality care.
- **Community Engagement:** Promoting health awareness and community involvement for sustainable healthcare solutions.
- **Accessibility:** Ensuring that healthcare services are within reach of those who need them most.
- **Technology Integration:** Leveraging digital solutions to improve healthcare delivery and data management.

Mental Health Awareness Program for School Students

Our program offers holistic personal and academic growth for students. It covers Emotional Intelligence, Effective, Psychological First Aid, Time Management, Challenge Management, and Student Mental Wellness Orientation. Students will develop vital skills tailored to their unique challenges, including empathy, conflict resolution, active listening, and crisis management.

This comprehensive approach enhances teamwork, leadership, and fosters a supportive educational environment, by mastering time management, improving efficiency and also balance academic and personal life. It's about overcoming challenges and prioritizing mental wellness for a more fulfilling academic journey. Your well-being matters – it's the path to a balanced and successful student life.

Health camps – Nurturing wellness in Community at large with Special focus on vulnerable population

Our health camp is a holistic initiative dedicated to promoting physical and mental well-being. We offer essential services like medical check-ups- screening, preventive checkup, referrals, follow up medical services, dental care, eye screenings, and nutrition advice. Through our camp, you'll gain valuable health knowledge, early disease detection, prevention and control of Infections, learn to combat moribities arising out of NCD's and deal with stress management, and mental wellness insights. Our goal is to empower you to take control of your health, build a healthier community, and reduce healthcare disparities. By participating, you'll enhance physical well-being and learn how to lead a balanced and fulfilling life. Remember, your health matters – it's the path to a happier, healthier life.
